Professional Summary

As an aspiring Front-End Developer enthusiast with a background in Electronics & Telecommunication Engineering, I bring a unique blend of creativity and analytical thinking to the table. Proficient in coding languages such as C, C++, Java, DSA, HTML, CSS, Javascript, Bootstrap, React. I am passionate about harnessing technology's power to innovate and solve complex challenges. With a keen interest in the tech industry, my career goal is to bridge my creative foundation with technical expertise in a dynamic tech role. I thrive on challenges, am dedicated to continuous learning, and am driven to contribute positively to the ever-evolving world of technology. I'm a highly motivated individual seeking a dynamic organization that values my technical skills. I'm passionate about Front-End Development, personal and professional growth, dedicated to contributing to the organization's success, and excited to be part of a team striving for excellence.

Education

Year	Degree/Examination	Institution/Board	CGPA/Percentage
2024	Bachelor of Engineering	All India Shri Shivaji Memorial Society Institute Of Information Technology, PUNE.	7.1/10.0
2021	Diploma	Goverment Polytechnic Nagpur	87.47%
2018	Intermediate (Class XII)	Bhivgade National College	49.5%
2016	Matriculation (Class X)	Saraswati Madhyamik Vidya Mandir, Nagpur.	81.4%

Internship and Certifications

Percept Infosystem | Front End Developer

February 2023 - March 2023

- Comprehensive expertise in Full Stack Web Development complemented by a strong foundation in Data Structures, Algorithms, and adept Problem-Solving skills.
- Proficient in HTML5, CSS, Javascript, Bootstrap & React for creating dynamic Front-End designs.
- Passionate about building robust and scalable solutions to drive innovation and deliver exceptional results.
- Creating Real time projects.

Projects

Weather Forecast App | xyz ([link](#))

October 2023 - October 2023

- Developing a Weather Forecast app with HTML, CSS, and JavaScript enables web developers to offer users real-time weather data in a visually appealing and interactive format.

To-Do List App | xyz ([link](#))

October 2023 - October 2023

- Crafting a To-Do List app with HTML, CSS, and JavaScript is a practical exercise for developers to build an interactive task manager, improving their web development and user experience design skills.

Tic Tac Toe Game | xyz ([link](#))

October 2023 - October 2023

- Building a Tic Tac Toe app with HTML, CSS, and JavaScript is a playful and instructive project that teaches web developers about interactive game development and frontend design.

Spotify Clone | xyz ([link](#))

September 2023 - October 2023

- Developing a Spotify clone with HTML, CSS, and JavaScript is an excellent exercise for frontend developers to mimic the platform's appearance and music playback functionalities while enhancing their web development skills.

Myntra Clone | xyz ([link](#))

September 2023 - October 2023

- Developing a Myntra clone using HTML, CSS, and JavaScript is a great way to refine frontend web development skills, allowing you to mimic the platform's appearance and interactions while understanding its complexities.

Amazon Clone | xyz ([link](#))

September 2023 - October 2023

- Creating an Amazon clone using HTML and CSS involves replicating the visual layout and design of the Amazon website.
- Here's a simplified example of how you can structure the HTML and style with CSS to create Amazon clone.

- I have meticulously crafted a captivating personal portfolio using HTML, CSS & Javascript boasting an exquisite design that elegantly showcases my skills and achievements.
- This digital masterpiece not only reflects my creativity but also serves as a visual testament to my professional journey and aspirations.
- Explore my portfolio to experience the synergy of artistry and professionalism firsthand.

Skills

Computer languages	Javascript, HTML, CSS, Java, C, C++
Software Packages	Bootstrap, React
Soft Skills	Presentation Skills, Verbal/nonverbal communication, Leadership, Teamwork, Critical Thinking, Communication Skills

Co-Curricular Activities

- Member of Newton CodeRush Collaborated with peers in organizing coding, enhancing teamwork and leadership skills
- Perform & Certified By Front-End Development Internship By Using Various Tools Like HTML, CSS, Javascript, Bootcamp & React.
